Quick & Easy

There is an option to simply key in your class level, chosen sport and number of required lessons and you will be given a set of high quality National Curriculum based lesson plans with times, teaching tips, advice and diagrams throughout. And that's it! A few minutes of your time and you are ready to teach a unit of high quality PE.

Specific to YOUR pupils needs

If you would like to plan PE lessons that cater for the specific needs of your pupils, you can select from a range of learning objectives, skill developments, and activities. Advice on differentiation and progression is provided throughout ensuring the learning requirements for every pupil is met.

Saving & Sharing Lesson Plans

Lesson plans are saved in a personal online folder so teachers can store plans for future lessons, edit plans to suit different classes, and share plans with colleagues. This facility is ideal for sharing good practice and saving on work load.

Assessment

Each time a lesson plan is created, assessment grids with information of lesson objectives and activities are automatically produced for reporting National Curriculum attainment levels.

User Friendly

Access to your user account is available on any computer with internet access so you can produce your lesson plans at home and print them out at school. You can create a one off lesson or plan a full Unit of Work.

This Physical Education resource is quick and easy to use. It produces high quality National Curriculum based plans and is unique to each user's specifications.
